COD Required

Current ML Balance:
This is the total accumulation (i.e., the sum) of your Member Loan contributions at the date of printing this document. This number will change from document to document.

ML Contribution On This Document:
This is how much Member Loan has been calculated on this particular document. For example, it will show how much Member Loan has been charged on the invoice. Or, it will show how much Member Loan has been credited to you on a credit memo.

(Amt + Tx): The price (either regular or special) times the quantity shipped, minus the 1% Member Discount, plus the Member Loan, and taxes added.

Amount: The price (either regular or special) times the quantity shipped, minus the 1% Member Discount, plus the Member Loan.

Sub Total: The total of the Amount column; therefore, includes the 1% Member Discount and Member Loan. Does not include taxes.

DIS %: The Member Discount percentage applied to the price (either regular or special).

ML %: The Member Loan percentage applied to the price (either regular or special). (NOTE: ML is NOT calculated after discount. ML and discount should be the same except where rounding occurs).

TOTAL CDN: The sum of the Sub Total, Misc Charges, GST, PST. All clubs paying after the day of delivery or pick-up must pay the full TOTAL.

COD Discount: the 1% COD discount amount.
COD Total: The TOTAL CDN minus the COD Discount. When you pay on the day of your delivery or pick-up, you are eligible to pay the COD Total.
